

Welcome to the Milestone Maths Family!

Thank you so much for choosing Milestone Maths Level A for your child's foundation year. I am so excited to be a part of your homeschooling journey.

I've poured my heart (and many late nights!) into creating a curriculum that makes maths gentle, tactile, and—most importantly—deeply understood. If you find this useful, please consider purchasing the low-cost digital bundle version of the curriculum. By doing so, you are directly supporting a small Australian homeschool business and enabling me to keep developing high-quality, hands-on resources for our community.

A Quick Note on Using This File:

To keep my resources affordable and accessible, I rely on the "honesty system" within our wonderful homeschooling community.

YES! Please do: Print this as many times as you need for your own children within your immediate household.

YES! Please do: Save a backup copy on your personal computer or cloud storage.

PLEASE DON'T: Share this digital file with friends, co-ops, or online groups.

PLEASE DON'T: Upload this file to resource-sharing sites or social media.

Want to share the love?

If your friends or fellow homeschoolers admire your child's progress, the best way to support me is to send them a link to milestonemaths.com.au. They can even grab the free lesson-by-lesson versions there to try it out for themselves!

If you have any questions or just want to share a photo of your little one enjoying their Sumstix, I'd love to hear from you at kathy@milestonemaths.com.au.

Have fun making maths simple!

Kathy Gonzalez

Creator of Milestone Maths

Milestone 1 ♦ Lesson 1

Colour the number one. Trace one white sumstix inside the red box and place one circle sticker in the ten frame to show 1.

●				

Milestone 2 ♦ Lesson 2

✂ Colour the number 2. Colour the Sumstix pattern to match your sticks. Place stickers in the ten frame to show 2.

●	●				

Milestone 2 ♦ Lesson 3

Match the number to the number frame. Draw two apples in the red box. Colour the ten frame to show 2.

2

○	○			

●				

2

●	●			

1

Draw dots in the ten frame to show 2. Colour the Sumstix pattern to match real sticks. Join the dots in order.

Milestone 2 ♦ Lesson 5

✂ Colour the number 3. Colour the Sumstix pattern to match your sticks. Place stickers in the ten frame to show 3.

●	●	●		

Milestone 2 ♦ Lesson 6

Match the number to the number frame. Draw three bananas in the red box.

3

2

3

1

Colour the number frame to show three. Circle the correct number.

1 2 3

1 2 3

1 2 3

Milestone 2 ♦ Lesson 8

Draw dots in the ten frame to show three. Colour the Sumstix pattern to match real Sumstix. Join the dots in order.

3

Milestone 2 ♦ Lesson 9

Place stickers in the honey comb to show the number in each picture.

✂ Draw more dots so that each frame shows three.

3

Milestone 2 ♦ Lesson 11

✂ Colour the number four. Colour the Sumifix pattern. Place stickers in the ten frame to show four.

●	●	●	●	

Milestone 2 ♦ Lesson 12

Match the number to the ten frame. Draw four fish.

4

1

Milestone 2 ♦ Lesson 13

Top: Colour the ten frame to show four. Bottom: Circle the number that matches each number frame.

1 2 3 4

1 2 3 4

1 2 3 4

1 2 3 4

1 2 3 4

1 2 3 4

Draw dots in the ten frame to show four. Colour the Sumstix pattern to match real Sumstix. Join the dots in order and colour the picture.

4

Milestone 2 ♦ Lesson 15

✂ Colour the Sumstix to match real Sumstix.

✂ Draw more dots so that each frame shows four.

4

●				

●	●	●		

●	●			

Milestone 2 ♦ Lesson 17

Place number stickers on the flowers to show how many butterflies there are in each box.

Milestone 2 ♦ Lesson 18

Use stickers to make the second number line look like the first. Use stickers to number Froggie's jumps in order.

Milestone 2 ♦ Lesson 19

✂ Colour the number 5. Colour the Sumstix to match real ones. Place stickers to make the ten frame show 5.

●	●	●	●	●

--	--	--	--	--

Milestone 2 ♦ Lesson 20

Match the number frames to the numbers. Draw five cars.

4

2

3

5

5

Colour the ten frame to show five. Circle the number in each box to match the ten frame.

1 2 3 4

2 3 4 5

2 3 4 5

1 2 3 4

1 2 3 4

2 3 4 5

5

Draw dots to make the ten frame show five. Colour the Sumstix to match real Sumstix. Join the dots in order.

Milestone 2 ♦ Lesson 23

✂ Colour the Sumstix to match real ones.

✂ Draw more dots to make every ten frame show five.

5

Milestone 2 ♦ Lesson 25

Place stickers in the stars to match the number of fruit in each box.

Milestone 2 ♦ Lesson 26

Use stickers to make the bottom number line look like the top one. Count Bunny's jumps using stickers.

Milestone 2 ♦ Lesson 27

✂ Match the white Sumstix trains to the coloured Sumstix. The first one is done for you.

Milestone 2 ♦ Lesson 28

Left: Use stickers to label the Sumstix with the right numbers. Right: Colour the Sumstix to make the train match the number in the circle.

Milestone 2 ♦ Lesson 29

Top: Place stickers to label the ten frames with the matching number. Bottom: Join the dots in the right order.

Milestone 2 ♦ Lesson 30

This is a Sumstix train (point to sticks below the train). Make trains that are the same length as a yellow Sumstix. Trace and colour the trains you make.

Milestone 2 ♦ Lesson 31

5 ⬠

✂ Draw the number of shapes shown in each box. (You can draw other pictures if you like.)

Did you and your little one enjoy Milestone 2?

I hope you've had a wonderful time exploring with your Sumstix! If you're finding these lessons helpful, there are three ways you can help Milestone Maths keep growing:

1. Upgrade to the Full Experience

Get the complete Level A1 bundle (all 40 lessons!) in one neat package. No more weekly downloads—just high-res, ready-to-print PDFs or a beautiful physical workbook delivered to your door.

Scan to visit the shop!

2. Save 15% on Your First Order

If you haven't made a purchase yet, use the code WELCOME15 at checkout to get 15% off your first physical order or digital bundle.

3. Share the Love (And Earn Rewards!)

Did you know we have a referral program? When you tell a friend about Milestone Maths and they make a purchase, you earn a discount on your next order, and they get a discount too! It's a win-win for our homeschooling community.

Scan to learn more!

A Little Reminder...

Milestone Maths is a small, family-run Australian business. Every purchase directly funds the development of future levels (like Level E, coming soon!) and free resources. Please don't share this file—instead, send your friends the link to our website so they can join the journey too!
